INTRODUCING STARTRAQ DOME

THE DOME PROCESSES ANY RECORDED OFFENCE

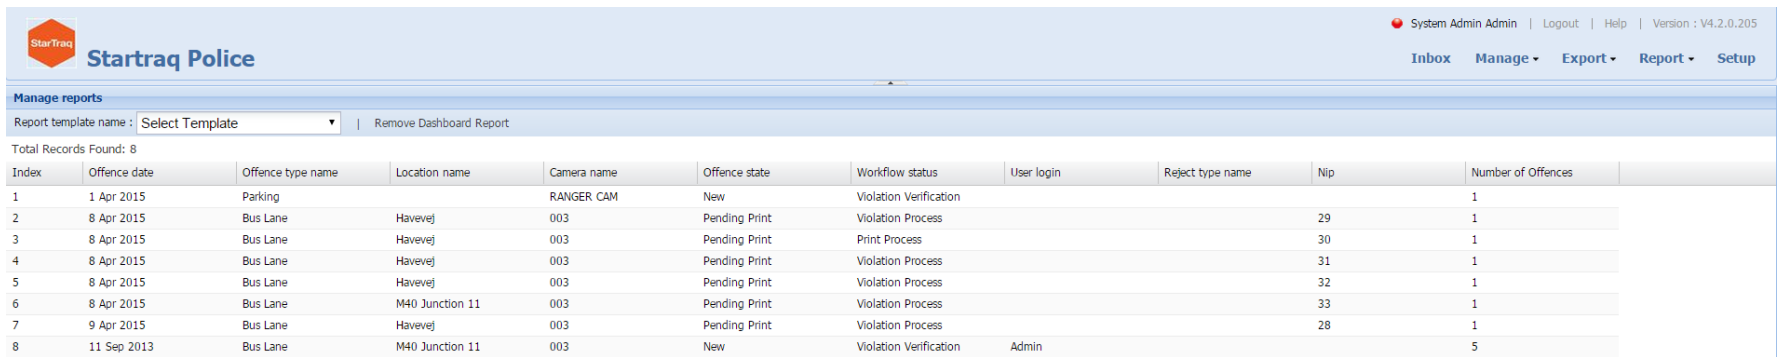

A MODULAR DESIGN

Module	Description
Traqer	Mobile application for the processing of on street offences
DomeVeri	Ticket and camera offence verification – if needed
DomeDocs	Full document management, automated workflow, managed lists, scanning, OCR, correspondence reply & court packs
DomePrintServer	Batch print and archive solution with customisable templates – including Royal Mail Mailmark integration to reduce your postage costs
OffenceView	Public offence viewing portal and online appeals
DomePay	Integrated application for processing payments including interface to 3rd party hosted payment gateway provider

SOPHISTICATED REPORTING FUNCTIONALITY

StarTraq Dome has an easy to use drag and drop report generator.

The screenshot shows the StarTraq Police software interface. At the top right, it displays the user 'System Admin Admin' with options for 'Logout', 'Help', and 'Version : V4.2.0.205'. Below this are navigation links for 'Inbox', 'Manage', 'Export', 'Report', and 'Setup'. The main section is titled 'Manage reports' and includes a dropdown for 'Report template name : Select Template' and a link for 'Remove Dashboard Report'. Below this, it states 'Total Records Found: 8' and displays a table with the following columns: Index, Offence date, Offence type name, Location name, Camera name, Offence state, Workflow status, User login, Reject type name, Nip, and Number of Offences.

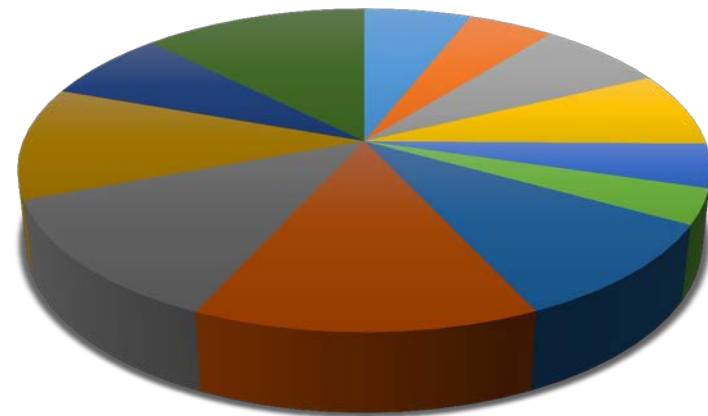

Index	Offence date	Offence type name	Location name	Camera name	Offence state	Workflow status	User login	Reject type name	Nip	Number of Offences
1	1 Apr 2015	Parking		RANGER CAM	New	Violation Verification				1
2	8 Apr 2015	Bus Lane	Havevej	003	Pending Print	Violation Process			29	1
3	8 Apr 2015	Bus Lane	Havevej	003	Pending Print	Print Process			30	1
4	8 Apr 2015	Bus Lane	Havevej	003	Pending Print	Violation Process			31	1
5	8 Apr 2015	Bus Lane	Havevej	003	Pending Print	Violation Process			32	1
6	8 Apr 2015	Bus Lane	M40 Junction 11	003	Pending Print	Violation Process			33	1
7	9 Apr 2015	Bus Lane	Havevej	003	Pending Print	Violation Process			28	1
8	11 Sep 2013	Bus Lane	M40 Junction 11	003	New	Violation Verification	Admin			5

- Report builder
- User performance metrics
- Real time management information
- Full audit history

Use Microsoft Excel to create graphs and charts to display data.

Monthly Bus Lane Offences

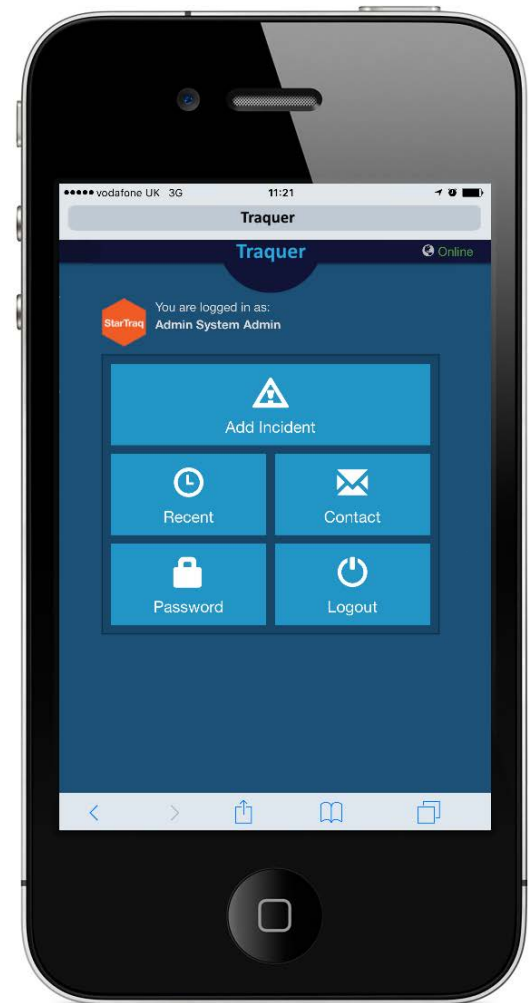

■ Jan ■ Feb ■ Mar ■ Apr ■ May ■ Jun ■ Jul ■ Aug ■ Sep ■ Oct ■ Nov ■ Dec

TRAQUER

Key Features/Benefits of OIT:

- Removes re-keying of information in back office
- Browser-based, no need to download and install a separate application
- Works on any mobile platforms i.e. iOS, Android, Windows etc.
- Upload images captured by the mobile device
- Violations can be either uploaded to StarTraq Dome or to an existing back office solution for verification in real time
- Geo-tagging
- Address verification at the roadside
- Can be used with mobile printer for ticket issuance at the side of the road

PUBLIC OFFENCEVIEW PORTAL

Key features of StarTraq OffenceView

- Access to photographic evidence of a violation
- The ability to securely pay fines or charges relating to a violation online*
- View supporting video of a violation if it is provided by the camera manufacturer**
- Ability to link to local or national road safety groups
- Can be installed either locally or hosted by StarTraq

* non Police customers only

** Configurable option

The screenshot displays the StarTraq OffenceView portal interface. At the top right, it says "Welcome David Webster | Logout". The main header is "OffenceView". A left-hand navigation menu includes "Home", "Images", "Documents", "Further Information", "Help", and "My Details". The "My Details" section shows the following information: "Details of the alleged offence are below:", "Name: David Webster", "VRM: FV13HMY", "Alleged Offence of: Bus Lane Offence", "Date/Time: 08/04/2015 13:43:59 PM", and "Location: Havevej". The main content area is titled "Images" and features a large primary image of a street scene with a "BUS ONLY" lane. A car is in the lane, and a person is walking. Navigation arrows for "Previous" and "Next" are visible. Below the main image are three smaller thumbnails labeled "Primary", "Plate", and "Video". The "Plate" thumbnail shows the license plate "FV13 HMY". At the bottom, it says "Powered by StarTraq" and "Privacy Policy | Copyright".

OUR WORK WITH NSL

- Partnered with NSL to provide an end-to-end software platform for environmental enforcement
- Provided a smartphone application and back office software to electronically issue Fixed Penalty Notices (FPNs)
- The solution has been live since May 2016, over 800 FPNs were issued in the first month – FPNs in some cases paid within 20 minutes!!

HOW CAN WE HELP YOU?

- ✓ We can provide you with a single, integrated web based platform to process any offence type
- ✓ We can implement all of your business processes into our graphical workflow
- ✓ We can help you cut costs by sharing resources with internal departments or neighbouring authorities

Council Processes

StarTraq Platform
