Who we are

We're here for people living with any terminal illness, and their families. We offer expert care, guidance and support to help them get the most from the time they have left

Our Services

Marie Curie Nurses

Marie Curie Nurses work night and day, in people's homes across the UK, providing hands-on care and vital emotional support. If you're living with a terminal illness, they can help you stay surrounded by the people you care about most, in the place where you're most comfortable.

Our Services

Marie Curie Hospices

Our hospices offer the reassurance of specialist care and support, in a friendly, welcoming environment, for people living with a terminal illness and their loved ones –whether you're staying in the hospice, or just coming in for the day.

Our Services

Marie Curie Helper

We know the little things can make a big difference when you're living with a terminal illness. That's where our trained Helper volunteers come in. They can visit you regularly to have a chat to over a cup of tea, help you get to an appointment or just listen when you need a friendly ear.

Our Services

Marie Curie Support Line

We help everyone affected by a terminal illness get the information and support they need, whether you have an illness yourself or you're a family member or friend

Our Services

Policy

We campaign and influence decision-makers on issues that affect people with a terminal illness and their families, to help them access high quality care and support when they need it most.

Our Services

Research

We're a leader in research into better ways of caring for people with a terminal illness. We carry out research to help improve care and support across our services, as well as those provided by others.

More people are living with a terminal illness

Every minute
one person dies in
the UK

In 25 years
one more person
will die every
5 minutes

That's **100,000** more deaths
a year compared to today

Care and Support figures for 2015/2016
